Fashion and music meet on the Arno River to celebrate the 13th Edition of Firenze4Ever.

The evening opens with a charity gala dinner, together with supermodel Bianca Balti. The exclusive performances are part of the inauguration of the **Bridge of Love**, a conceptual installation that aims to raise public awareness for the refugee crisis. All proceeds will go to the UN Refugee Agency.

Chart-topping artists from across the globe will perform at Easy Living, Spiaggia sull'Arno, a popular summer venue.

Featuring performances by:

Lost Frequencies, the Belgium DJ and music producer who has sent sizeable waves through the house community with his hit singles 'Are You With Me' and 'Reality'. Felix De Laet, the man behind the sound, continues to dominate in Europe and overseas, with appearances at Tomorrowland, Amnesia Ibiza, and Ultra Japan.

Janieck, the modern singer songwriter and guitar soloist known internationally for his collaboration with Lost Frequencies on the hit single 'Reality', which he co-wrote and lent his vocals to. The young talent returns to dance floors and festivals across the globe with a new track 'Feel the Love', edited by fellow Dutch DJ and producer Sam Feldt.

Michael Calfan quickly evolved from rising star in the global dance scene to protagonist of a fresh new sound. The French DJ and producer's career is a remarkable excursion from straight dance floor material to deep, compelling house tunes including 'Treasured Soul', a folk tinged groove turned instant classic.
